

Project Initialization and Planning Phase

Date	29 SEPTEMBER 2026
Team ID	SWTID-2026-6684
Project Name	ComicCraft-AI Comic Story Creator using Gemini Models
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
A creative writer seeking to publish web comics is trying to convert text prompts into structured 5-panel storylines but lacks illustration skills, because standard text generators do not output formatted comic	An aspiring storyteller, educator, or casual user with creative narrative ideas but no drawing or digital art skills.	Transform simple story ideas and text prompts into visually rich, multi-panel comic books with custom art styles and structured dialogues.	Creating original visual art, panel layouts, and formatted comic pages requires significant artistic skill, specialized software, and substantial time.	Existing generative AI tools produce isolated images or text without binding them into structured comic panels or cohesive, exportable PDF documents.	Frustrated by artistic limitations and unable to bring creative comic ideas to life quickly and effortlessly.

layouts with synchronized visual art, which makes them feel blocked and unable to share their visual stories.
