Project Name	ComicCraft-AI Comic Story Creator using Gemini Models
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	Accesses homepage (<code>index.html</code>). Enters prompt, main character name, setting, tone, and art style. Submits the form.	Waits for AI processing. Views panel-by-panel preview on <code>comic_preview.html</code> (titles, AI images, captions, narration).	Clicks "Download Your Comic as PDF". Saves PDF locally. Redirected to <code>export_success.html</code> .
Touchpoint <i>What part of the service do they interact with?</i>	Input Form (<code>index.html</code>), FastAPI POST endpoint <code>/generate</code> .	Comic Preview Page (<code>comic_preview.html</code>), Gemini 1.5 Flash/Pro, Stable Diffusion.	PDF Exporter (<code>exporters.py</code>), Download Button, Export Success Page (<code>export_success.html</code>)
Customer Thought <i>What is the customer thinking?</i>	"I want to quickly turn my creative idea into a complete visual comic."	"Let's see how well the AI captured my story and generated matching visuals!"	"This PDF format looks neat and professional to share or print!"

Customer Feeling <i>What is the customer feeling?</i>	Excited, Curious	Engaged, Anticipative, Expressive	Satisfied, Accomplished
---	------------------	-----------------------------------	-------------------------

Process Ownership <i>Who is in the lead on this?</i>	Frontend UI / FastAPI Router (<code>routes.py</code>)	AI Pipelines (<code>gemini_flash.py</code> , <code>gemini_pro.py</code> , <code>image_generator.py</code>)	Layout & Export Engines (<code>layout_builder.py</code> , <code>exporters.py</code>)
Opportunities <i>How can we improve this stage?</i>	• Add visual preset cards for art styles. • Real-time input validation.	• Progress bar during image generation. • Option to regenerate individual panels.	• Direct social media sharing links. • Option to save comic to a personal account.
